

Step	Assembly Task	Confirmed	Comments
	CAUTION The caution marking is used to indicate where a hazard exists that could severely damage equipment, system, or the ship causing loss of mission capability if approved procedures are not followed.		
1	<input type="checkbox"/> On the Insert tab, the galleries include items that are designed to coordinate with the overall look of your document. <input type="checkbox"/> You can use these galleries to insert tables, headers, footers, lists, cover pages, and other document building blocks. <input type="checkbox"/> When you create pictures, charts, or diagrams, they also coordinate with your current document look.		
2	<input type="checkbox"/> You can easily change the formatting of selected text in the document text by choosing a look for the selected text from the Quick Styles gallery on the Home tab.		
3	<input type="checkbox"/> You can also format text directly by using the other controls on the Home tab.		
	DANGER The danger marking is used to indicate a location, equipment, system, or the ship where imminent hazard exists capable of producing immediate injury or death to personnel or threatens the primary mission of the ship.		
4	<input type="checkbox"/> Most controls offer a choice of using the look from the current theme or using a format that you specify directly.		
5	<input type="checkbox"/> To change the overall look of your document, choose new Theme elements on the Page Layout tab.		
6	<input type="checkbox"/> To change the looks available in the Quick Style gallery, use the Change Current Quick Style Set command.		
7	<input type="checkbox"/> Both the Themes gallery and the Quick Styles gallery provide reset commands so that you can always restore the look of your document to the original contained in your current template. <input type="checkbox"/> On the Insert tab, the galleries include items that are designed to coordinate with the overall look of your document.
